Package Overview

The Legacy Builder Safari

A Father. A Son. A Lifetime of Memories.

Build Your Own Trophy Collection

Some trophies are measured in inches. The greatest are measured in memories.

The Legacy Builder Safari has been thoughtfully designed for fathers and sons who want to experience the adventure of Africa together while creating memories that will be treasured for generations. More than simply a hunting safari, this is an opportunity to strengthen family bonds, pass on traditions, and share unforgettable moments in one of the world's most spectacular hunting destinations.

Over 12 unforgettable days, including 10 full hunting days, you and your son will experience the excitement of hunting South Africa's magnificent plains game while enjoying the comfort, hospitality, and professionalism that have become the hallmark of Across Africa Tours & Safaris.

Unlike traditional hunting packages that include a predetermined selection of trophy animals, the Legacy Builder Safari gives you complete freedom to create your own African hunting adventure. Every hunter has different dreams, interests, and budgets, which is why we believe your safari should be tailored to you.

Whether your dream is to pursue a magnificent Greater Kudu, a majestic Cape Eland, an impressive Sable Antelope, or any other species from our extensive Trophy Price List, the choice is entirely yours. Hunt one special trophy or build your own collection-your safari is designed around your personal goals, allowing you to enjoy Africa exactly the way you have always imagined.

Every hunting day is guided by an experienced Professional Hunter who is dedicated to making your safari both successful and enjoyable. There is no pressure to rush through predetermined animals or follow a fixed schedule. Instead, you can enjoy the freedom to hunt at your own pace, appreciating every moment spent together in the African bush while

creating memories that will last a lifetime.

Throughout your stay, you will enjoy luxury full-board accommodation, outstanding African hospitality, gourmet cuisine, experienced trackers and skinners, fully equipped hunting vehicles, and professional guiding. Every aspect of your safari has been carefully planned to provide the highest level of comfort while allowing you to focus entirely on your hunting experience and the special time shared with your son.

Relax, We've Taken Care of Everything

At Across Africa Tours & Safaris, we believe your safari should be about adventure, family, and unforgettable memories-not unexpected expenses.

That's why we've designed the Legacy Builder Safari to include virtually everything you need for a comfortable, relaxing, and worry-free hunting experience. From the moment you arrive at O.R. Tambo International Airport until the day you depart, every detail is professionally managed by our experienced team.

Luxury accommodation, gourmet meals, beverages, airport transfers, Professional Hunters, hunting vehicles, experienced trackers and skinners, daily laundry service, hunting licences, permits, trophy field preparation, and all applicable South African Government taxes and VAT are all included in your package price.

Our goal is simple-to eliminate hidden costs wherever possible so that you can simply relax and enjoy every moment of your African adventure. The only additional hunting costs are the trophy animals you personally choose from our Trophy Price List, together with standard travel expenses such as international flights, taxidermy, trophy shipping, travel insurance, and gratuities.

With Across Africa Tours & Safaris, you can book your safari with complete confidence, knowing exactly what is included from the very beginning.

No hidden fees. No unexpected charges. No unpleasant surprises.

Because your focus should be on creating lifelong memories-not worrying about the bill.

As a special gesture of appreciation, Across Africa Tours & Safaris is delighted to include the opportunity to hunt one complimentary Warthog and one complimentary Black-backed Jackal (subject to opportunity and availability during your safari). These complimentary animals reflect the abundance of the African wilderness and are our way of making your adventure even more memorable.

For guests who prefer the ultimate private hunting experience, the safari can also be upgraded to a dedicated 1 Hunter : 1 Professional Hunter (1:1) arrangement, allowing each hunter to enjoy their own Professional Hunter and the flexibility to pursue individual trophy goals.

At Across Africa Tours & Safaris, we believe that the greatest safaris are not defined by the number of animals harvested, but by the memories created, the stories shared around the

campfire, and the experiences that remain with you for the rest of your life.

The Legacy Builder Safari is an invitation to experience Africa as it was meant to be experienced-with family, with purpose, and with the freedom to build your own trophy collection while creating a legacy that will be remembered for generations.
